EXHIBIT A

Preserve Marriage, Protect Children R-71

Highlights

- The legislature just passed a law that effectively makes same-sex marriages legal. By signing R-71 we can reverse that decision and protect marriage as between one man and one woman.
- If same-sex marriage becomes law, public schools K-12 will be forced to teach that same-sex marriage and homosexuality are normal...even over the objections of parents. Sign R-71 to protect children.

Ballot Measure Summary

Same-sex couples, or any couple that includes one person age sixty-two or older, may register as a domestic partnership with the state. Registered domestic partnerships are not marriages, and marriage is prohibited except between one man and one woman. This bill would expand the rights, responsibilities, and obligations of registered domestic partners and their families to include all rights, responsibilities, and obligations granted by or imposed by state law on married couples and their families.

WARNING:

Every person who signs this petition with any other than his or her true name, knowingly signs more than one of these petitions, signs this petition when he or she is not a legal voter, or makes any false statement on this petition may be punished by fine or imprisonment or both.

Preserve Marriage, Protect Children R-71

"A domestic partnership diverts rights and resources from a family to an unrelated adult. These include benefits for dependent children, end of life decisions by older children for elderly parents, and inheritance rights of all surviving family members, just to name a few. The homosexual community emphasizes the fact that they have biological children, yet no child is ever produced by a same sex relationship. There is always an opposite sex partner involved and they can lose their rights as well. Please support genuine marriage and sign R-71!"

- Senator Dan Sweeney

"At the founding of our country we made the conscious decision to promote marriage between one man and one woman above all other legal unions because of its inherent value to children and society. Signing R-71 will help us preserve that decision for another generation."

-State Representative Matt Shea

"In 2006 the Washington State Supreme Court upheld the legislature's right to ban same sex marriages. The passage of Senate Bill 5688 this year makes same-sex Domestic Partnerships equal to genuine marriage in every practical way. Its passage has essentially overturned our Defense of Marriage Act (DOMA) and thus diminishes the value of traditional marriage between one man and one woman. I urge you to sign R-71 and help us roll back this effort to undermine marriage in Washington State!"

-Senator Val Stevens

"SB 5688 was packaged and presented to the legislature as a Domestic Partnerships expansion of benefits. In truth, it will demolish the state's historical understanding and definition of marriage as Washington will immediately become subject to litigation by same-sex partners demanding the courts overturn our state's Defense of Marriage Act and impose "same-sex marriage" (as happened recently in California prior to Proposition 8). By signing Referendum 71, we will bring this society changing measure before the people of Washington State and let them make this monumental decision in November."

-Larry Stickney, President,
Washington Values Alliance

"Those who think they can sit this battle out because they believe their values and their children will be safe in a private school or homeschooled, need to think again. If the homosexual extremists are allowed to continue down this path, under-expanded civil rights and hate crime laws, it will soon be illegal to speak out against homosexual marriage or the dangerous homosexual lifestyle. Please protect the time-honored tradition of ancient and modern society - one man, one woman in marriage. Protect the rights of children to have a mother and a father. Please do not hesitate to sign the R-71 petition."

-Pastor Ken Hatcherson,
Antioch Bible Church

"Please sign R-71 right away. SB 5688 is bad legislation for marriage, children, the public schools and the economy. It's a back-door way of legislating homosexual marriage without the name—which will be next. That step would legitimize immoral behavior—forcing many families and their children to leave the public schools, and costing the state millions of dollars on a crazy social experiment. People are free to live with anybody they want—but they don't have the right to change the bedrock of society—marriage—between a man and woman, producing, protecting, and nurturing children. We need to honor and strengthen marriage—not re-define it."
